## 8. Hours of Work

- 8.1 Ordinary hours of work for a Full Time Equivalent employee will be between 35 and 40 hours per week, Monday to Friday. Hours will not generally be more than 8 per day, excluding meal breaks.

- 8.2 Weekend duties – The Employer provides a seven day per week service. All MITs are expected to contribute to the shifts that enable delivery of services across the week. Weekend shifts are in addition to the ordinary hours of work.
- 8.3 Frequency of weekend duties – Subject to clause 8.4, where possible MITs will not normally be required to work more than 1 shift in every 5 weekends, unless otherwise agreed between the employer and employee.
- 8.4 It is recognised that the Employer is committed to provide a seven day per week service and that, where there are gaps in the roster, the Employer will act as follows:
- a. The Employer will ask for volunteers to work additional weekends;
  - b. If not enough MITs volunteer to work the additional weekend shifts, the employer can request that an employee works additional weekend shifts, such agreement will not be unreasonably withheld by the employee.
- 8.5 The Employer's normal hours of business are between 7:30am and 9.00pm, Monday to Sunday, during which time the Employee is expected to be available for the performance of the employee's duties as required by the roster.
- 8.6 It is agreed by the Employee that the performance of the Employee's duties may not be restricted to the Employer's normal hours of business and that work may be required from time to time in excess of such hours including on Saturdays and Sundays and public holidays in order to perform the duties required by the position.
- 8.7 Each daily duty will be continuous except for meal periods and rest breaks.
- 8.8 Hours of work will normally be notified not less than 28 days prior to the commencement of the roster and show duties for a minimum eight week period. This period may be amended due to unforeseen circumstances.
- 8.9 The Employer retains the right to negotiate changes to the Employee's hours of work in accordance with the particular needs of the practice. Where an agreement is reached between the parties, the Employer undertakes that any changes negotiated shall take effect as soon as practicable.
- 8.10 Due to the size and nature of the business the Employee's duties may be reviewed from time to time. The Employer will consult with the employee prior to any proposed reasonable change in duties. Four (4) weeks' notice of changes to the employee's duties will be provided in writing by the employer.
- 8.11 An employee rostered to work until 9pm will be paid until 930pm (an extra 0.5 of an hour at penal rates). This is to recognise that while the shift officially finishes at 9pm, that patients that arrive before 9pm will still need to be imaged and as such, on occasion the MIT on duty, may be required to work past 9pm.
- 9. Meal Periods and Rest Breaks**
- 9.1 An employee who is rostered for a duty of more than four hours duration is entitled to take a meal break of 30 minutes during that shift. The meal break is unpaid.

## 10. **Overtime and Penal Rates**

- 10.1 **Overtime** - Where the Employee works hours in excess of the standard day (8 hours), with authorisation from the appropriate manager overtime for the additional hours will be paid at the rate of 1.5T ("the specified rate"). This is for stay back situations and does not apply to call backs, which are dealt with under clause 11 below.

Overtime is applicable where you are requested to work on a Saturday or Sunday, where the hours to be worked are additional to your normal working hours for the week. In this instance you will be paid for the first three hours worked at the rate of ordinary time plus 50% (T1.5) and all subsequent hours at the rate of ordinary time plus 100% (T2). Employees who are employed and normally rostered to work Saturday or Sunday as a normal working day, do not qualify for overtime on that day, unless the employee works more than 8 hours on the day, or the employees rostered shift (whichever is the greater).

Should Bay Radiology company policy change to remunerate weekend overtime at a higher rate than what is dictated above, then that shall apply.

- 10.2 **Penal Time** is defined as any rostered hours of work performed between the hours of 1800 and 0730 during week nights and 1800 Friday evening until 0730 Monday morning. Penal time will be paid at ordinary time plus half (T1.5).
- 10.3 **Work on Public Holidays** – all work performed on Public Holidays will be paid at double time (T2), plus one day off paid at the ordinary rate of pay to be taken at a later date convenient to Bay Radiology. This rule applies to both the statutory day and the day upon which it is observed. Casual staff have no entitlement to an alternative holiday.
- 10.4 **Short Notice Shift Cover** - Where an MIT agrees, with less than 24 hours' notice, to work a shift to cover for the unanticipated leave of a colleague (e.g. sickness or bereavement leave), on a day that would not otherwise have been a working day; a Short Notice Shift Cover Allowance will be paid in addition to the standard rates of pay for the hours worked. If the shift is split between two MITs, the allowance will be split between the two MITs on a pro-rata basis. The rate of the Allowance is specified in Appendix F. Casual Employees have no entitlement to the short notice shift allowance.

## 11. **Call-Backs**

- 11.1 Where an employee is called back to work after completing their day's work or after having left the place of employment, they shall be paid a minimum of two hours at double time (T2) for the call-back.

- 11.2 For the purposes of calculating the length of the call-back, travelling time from the place of call to the place of duty and return to the place of call or residence will be included in addition to actual time worked.
- 11.3 Where a subsequent call back occurs within the initial two hour period payment at double time shall continue until the employee returns to the place from which they were called or their residence. If a subsequent call-back occurs outside of the initial two hour period a new call-back commences.
- 11.4 Actual and reasonable travel costs (mileage) will be reimbursed in respect to the call-back.
- 11.5 Where an employee remains at work following the end of their shift waiting to be called to theatre for a known case and is subsequently not required to attend the case, the waiting time can be claimed at overtime rates (T1.5). Where a call-back occurs, waiting time cannot be claimed and the call-back payment applies.
- 11.6 Where an employee is placed on the theatre call roster, between the hours of 5pm and 7pm, they will be paid \$10.00 per hour for the two hours on call. They will be required to respond to any call received prior to 7pm. All theatre MITs are required to participate in the call roster.

## 12. **Public Holidays**

- 12.1 The employee is entitled to public holidays in accordance with the Holidays Act 2003.
- 12.2 An employee may be required to work on any of the Public Holidays if directed to by the employer. Employees will only be paid for the work performed on a Public Holiday where their manager has directed them to work on that day.
- 12.3 Where a public holiday falls on a day that would otherwise be a working day for the employee, and the employee does not work on that day, the employee will be paid their relevant daily pay for that day.
- 12.4 Relevant daily pay is the amount the Employee would ordinarily receive for a normal working day.
- 12.5 Employees may be required to be on call on 25 December, in which case they will be paid their relevant daily pay and the on call allowance specified in Schedule A for being on call. If called back, employees will be paid in accordance with the provisions of clauses 11.1 to 11.6 inclusive. Employees on call on 25 December will be entitled to an alternative holiday, whether or not they are called back, paid in accordance with the Holidays Act 2003.

## 15. **Allowances**

- 15.1 Allowances will be paid to the employee at the rates set out in Appendix F.
- 15.2 Where the employer requires an employee to substantially perform the duties and carry the responsibilities of a position higher than the employee's own or where an employee is temporarily appointed to a higher position for three consecutive days or more, the employee will receive for the whole period the allowance associated with the position to which they are temporarily appointed or performing.

## 16. **Performance Review**

Any objectives developed may be altered at periodic reviews in consultation with the Employee. Any breach of such objectives may lead to disciplinary action and/or counselling from the Employer.

However, the Employer does undertake that a position will be available for the Employee on their return from parental leave. However, it may not be the same position. 34.4 The Employer will use reasonable endeavours to ensure that a provision dealing with whether the Employee will have the option to transfer, whether the same terms and conditions will apply, and the date any transfer is to occur, will be included in the agreement between the Employer and the New Employer providing for the Restructuring.

- b. assist the Employee, if requested, in registering with The Department for Work and Income New Zealand and/or an employment service and will allow the Employee reasonable time to attend employment interviews during the notice period;
- c. provide counselling if necessary to assist the Employee.

#### 47.4 Pay Step Placement and Progression

Placement on the salary steps will recognise the current experience of the employee, qualifications, capabilities, skills, duties, and responsibilities of the employee. Criteria for progression is clearly defined for each step. This will be applied consistently and transparently between employees.

Progression through the salary steps will occur from:

- either the date an employee attains the required qualification and /or performs the duties, skills, and responsibilities of the pay step; or
- from the date an employee’s step placement and progression is reviewed.

Step progression reviews will be scheduled to occur:

- as and when required if in training.
- six monthly if you are in the developmental stage.
- Annually if in the experienced stage.

If an employee disagrees with their step placement, they can request that the outcome or placement be reviewed at any time. The process for an outcome review is detailed below:

1. The employee should raise their concerns in writing (by email) with their manager, stating why they believe the step placement is not correct and providing any relevant evidence. The employee can copy their APEX advocate and delegate into this email, and they will be included in all correspondence hence forth.
2. The manager will, within a week, respond in writing letting the employee know if they are upholding their placement or agreeing with the request to change the step placement. If the step placement changes, the new wage rate will apply from the date

it was first raised (the date of email sent in step 1). If the decision is to uphold the current placement, the reasons for this will be clearly outlined.

3. If the staff member is not satisfied with their manager's decision, they should raise their concerns in writing with their General Manager stating why they believe the step placement is not correct and providing any relevant evidence, including the decision from step 2. The employee can copy their APEX advocate and delegate into this email, and they will be included in all correspondence hence forth. Alternatively, they can request that their APEX Advocate represent them on the matter and email the Manager on their behalf.
4. The General Manager will respond in writing, within a week, letting the employee know if they are upholding their current placement or changing the remuneration outcome/step placement. If the employee step placement changes, the new wage rate will apply from the date it was first raised. If the decision is to uphold the current placement, the reasons for this will be clearly outlined.
