When someone tells you it can't be done, it's more a reflection of their limitations, not yours.

Almost every successful person begins with two beliefs: the future can be better than the present, and I have the power to make it so.

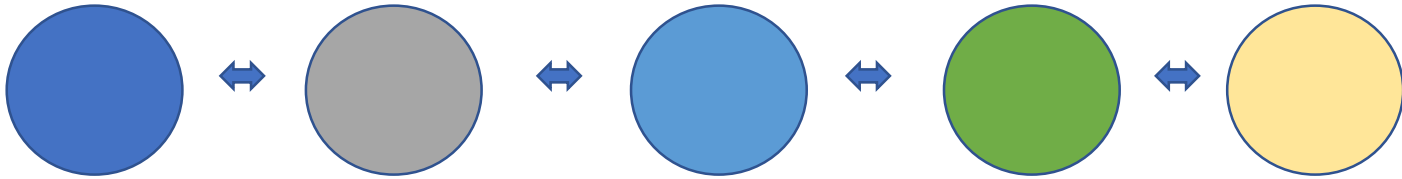

Professional expertise and values are powerful inhibitors of innovation because of the vested mindset they create in the status quo. However, expertise is essential to improvisation...

Leaders think
and talk about
the solutions.
Followers think
and talk about
their problems.

Brian Tracy

Being a leader doesn't
require a title;
Having a title doesn't
make you one.
